

TACKLING OBSTACLES TO INCREASE EQUITY FOR IMMUNIZATION

MOMENTUM ROUTINE IMMUNIZATION TRANSFORMATION AND EQUITY PROJECT | JULY 2020 – SEPTEMBER 2023

MOMENTUM Routine Immunization Transformation and Equity (the project) applies best practices and explores innovations to increase equitable immunization coverage in USAID-supported countries. It works to build countries' capacity to identify and overcome barriers to reaching zero-dose and under-immunized children and older populations with lifesaving vaccines and other integrated health services, including rebuilding immunization systems adversely affected by the pandemic

GLOBAL PRESENCE

WORKING IN
18
COUNTRIES

109
PARTNERS
AROUND THE WORLD

Technical Areas of Support for COVID-19 Vaccination

- Planning and Coordination | **14 countries**
- Immunization Supply Chain Management | **7 countries**
- Health Worker Capacity Building | **14 countries**
- Demand Generation and Community Engagement | **14 countries**
- Data Systems and Data Use | **12 countries**
- Direct Service Delivery | **5 countries**

Niger
The project is supporting the introduction of remote temperature monitoring innovations in Niger to strengthen the country's overall immunization supply chain.

Kenya & India
In partnership with local NGOs that have a mission to improve the lives of older adults in Kenya and India the project worked to expand the reach of immunization to older populations who are high priority for COVID-19 vaccination.

Mozambique
In Mozambique, the project facilitated a meeting with national partners to develop a roadmap for immunization recovery aimed at achieving high, equitable coverage for the long term.

COVID-19 countries COVID-19 and routine immunization countries

GLOBAL RESULTS

Trained health professionals on COVID-19 | **144,672**

67% 33%

13 digital health solutions supported

46 COUNTRIES Advanced capacity for gender equity in immunization

GLOBAL THOUGHT LEADERSHIP AND KNOWLEDGE SHARING

Global knowledge-sharing events

103 events

11,173 participants

Developed and/or contributed to **47** country and global policies.

- Mozambique's Routine Immunization Acceleration Plan
- Recovering and Strengthening Immunization Programmes in the Context of the COVID-19 Pandemic (WHO)
- Guidance on Operational Microplanning for COVID-19 Vaccination (WHO)

The project contributed to:

16 global and regional working groups that supported country planning for COVID-19 vaccination.

16 global and regional working groups on immunization topics ranging from supply chain, gender, data, COVID-19, urban immunization, IA2030, zero-dose, equity, life course and more.

SEPTEMBER 2023

MOMENTUM Routine Immunization Transformation and Equity is funded by the U.S. Agency for International Development (USAID) and implemented by JSI Research & Training Institute, Inc. (JSI), along with PATH, Accenture Development Partnerships, Results for Development, Gobebe Group, CORE Group, and The Manoff Group under USAID cooperative agreement #7200AA20CA00017.
